

Corporate Fact Sheet

Itron helps utilities, cities and citizens globally better manage energy and water. Our integrated, intelligent platform of endpoints (such as sensors, switches and meters) collect data, control devices and take action in the field. Our communication networks harvest that data and deliver it where it's needed. Software and services turn that data into insights. With Itron, our customers improve operational efficiency, system resilience and reliability, consumer engagement, demand management and profitability.

ITRON BY THE NUMBERS

+285M

endpoints delivered

~4M

streetlights awarded and over 3M under management

+250

partners in a broad ecosystem of solutions

+8,000

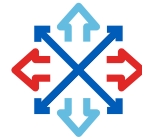

customers in more than 100 countries

+100M

endpoints under management at nearly 1,200 utilities

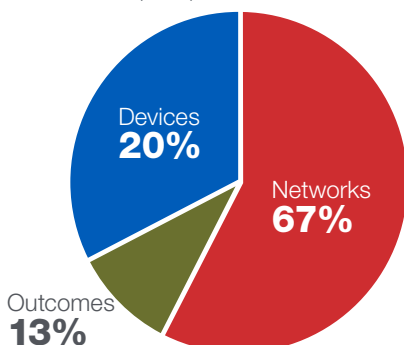

+13.3M

distributed intelligence endpoints shipped

FULL YEAR 2024 REVENUE

\$2.4 billion (USD)

THE ITRON APPROACH

Itron partners with cities and utilities to build secure, reliable, connected communities that offer a multitude of new services and opportunities through our intelligent industrial IoT platform.

Focusing on Customer Success

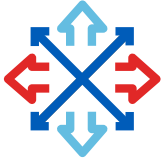

Delivering Innovation to Our Markets

Leveraging Domain Expertise and Insights

WHY ITRON

We are redefining how utilities and cities manage energy and water by **delivering more intelligence and more possibilities.**

Distributed Intelligence

High Performance, Scalable Platform

Outcome-based Solutions & Analytics

Vibrant Partner Ecosystem

System Longevity & Backward Compatibility

OUR PORTFOLIO

Itron delivers a proven portfolio of critical infrastructure solutions across:

- » Intelligent networks
- » Software + analytics
- » Services
- » Meters
- » Sensors + other devices

SOLUTIONS

- » Advanced metering infrastructure (AMI)
- » Automated meter reading (AMR)
- » Analytics
- » Consumer engagement
- » Grid edge intelligence and planning
- » Distribution automation
- » Distributed energy management (DEM)
- » Distributed intelligence
- » Electric vehicle and fleet charging management
- » Industrial Internet of Things (IIoT)
- » Meter data management (MDM)
- » Smart city applications

INDUSTRY RECOGNITION

- » Number One in Navigant Demand Response and Field Area Networking Leaderboards
- » Recognized in the 2024 Gartner® Magic Quadrant for Managed IoT Connectivity Services, Worldwide
- » 2023 Newsweek honoree on its America's Greatest Workplaces for Diversity and Americas Greatest Workplaces lists
- » Representative Vendor for Four Consecutive Years in Gartner® Market Guide for Meter Data Management systems
- » 2020 Recognized for AMI Leadership in Asia-Pacific by Frost & Sullivan
- » Leader in Guidehouse Insight's Smart Street Lighting Vendor Leaderboard, Q1 2023
- » Three-time "Public Safety Innovation of the Year" Winner from IoT Breakthrough for advanced gas metering and wastewater management solutions
- » Ranked #29 on Barron's list of 100 Most Sustainable Companies
- » Recognized as an ESG Trendsetter by Nasdaq
- » American Business Awards® Gold Stevie® Winner for Gas Detection Solution
- » Representative Vendor for Two Consecutive Years in Gartner® Market Guide for Distributed Energy Resource Management Solutions (DERMS)

*Formerly Gartner® Magic Quadrant for Managed Machine-to-Machine Services, Worldwide
